

ARMBRUSTER FBG ELEVATING CONVEYOR

Overview

The Armbruster FBG Elevators are built with a PVC belt coated with food-grade rubber for an increased sanitary design. Each elevator comes with a hydraulic hand pump which gives you the ability to adjust the height of the discharge to meet your specific requirements.

Key Features

- Conveyor belt coated in food-grade PVC
- Mobile frame with two fixed and two rotating wheels and brakes
- Manually operated hydraulic jack for slope adjustment
- Bottom of the elevator is liquid-tight; juice is evacuated through DN to tri-clover fitting

Equipment Details

- Frame made of stainless steel 304
- Variable frequency drive speed control
- Standard hopper - 100 liters (larger sized hoppers listed as option below)
- Includes 33 feet of power cord

MODEL	MIN. DISCHARGE HEIGHT	MAX. DISCHARGE HEIGHT
FBG - 3500	58"	101"
FBG - 4500	70"	115"
FBG - 5500	120"	162"
FBG - 6500	124"	172"
FBG - 7500	150"	193"

OPTIONS

Integrated Crusher - QW 10

Enlarged Hopper (500L) for the controlled receipt of half ton bins
